Don't Misunderstand Us

THERE is a certain amount of misunderstanding and mysticism surrounding this Movement on the part of those who do not know what we are doing. Letters continue to come to us which clearly show that those of other religious faiths do not understand what we are doing, and they are completely mystified at both our growth and our success in changing human lives. They cannot understand it. We do not believe as they do, and yet there can be no denying the fact that the Spirit of God is moving on this earth in a manner such as has never been witnessed before in any system of theology or religion. I believe, therefore, it is in order that we write this article to try and clear the atmosphere a bit. So then, I shall try to paint the picture as it exists.

These are dangerous days. There are forces at work, dangerous forces, and if these forces are not brought to a halt, they will destroy every last vestige of individual and national freedom. Not only that, they will drive from the face of this earth, free worship of God as every man believes God to exist. The greatest danger lies in the fact that these Nazi and Fascist and totalitarian forces believe they are doing the work of God themselves. Therein, I repeat, lies the gravest danger. They are fanatical as only religionists can be fanatical, and through this religious (?) zeal and fanaticism, they take the gun and the sword and the tank and the submarine and the bombing plane, and try to enforce what they believe is the "will of God" by force of arms. This is a dangerous situation. It is doubly dangerous to us here in America, who have no use for these heathen theories, and who believe in both personal and national freedom. Let me repeat again—the situation is dangerous—very dangerous—so dangerous that only a few see it.

Now this theory of the totalitarians

is wrong. Anyone with half a mind knows that God Almighty cannot be taught or the religion of God Almighty propagated by the sword. That is just common sense. Yet these dictator nations have become so strong, and so well have they prepared, that it is questionable whether we can stop them by force of arms. Their whole theory of life being wrong, and everything they do being contrary to the laws which govern humanity, it becomes then an issue of right and wrong. It will, therefore, take a moral or spiritual power to bring these madmen to their knees, and save whatever semblance of humanity and freedom and democracy is left.

The thing that worries me is this—*where is there on this earth, the organization, religious or otherwise, which knows enough about spiritual Power to use that Power against these madmen?* I do not believe that organization exists. Outside of the "Psychiana" Movement, which is but in its infancy yet, there is not, to my knowledge, one single religious organization on the face of the earth which has Power enough, or which knows enough of the Power of God, to bring these dictators to their knees. It is at this point that the church structure enters into the picture, and it is with this structure that I deal so much, for the answer to world problems today lies in religion, whether we like it or not. Being a moral issue, and God being the essence of morality, the question at once becomes one of the Power of God against the powers of darkness, for that is what these murderers are manifesting. The only organization this world has which professes to know God, is the church. Therefore,

it is absolutely essential that its claims and doctrines be carefully examined, for a mistake may have been made somewhere. It is not enough to say, "Oh well, that's the church—you must not question what it teaches.

Just let it alone." That attitude will get us nowhere, for unless the theory of religion as brought by the churches is true, it cannot solve the earth's problems.

Dealing with the Christian religion, as the latest of all religions, after long and careful investigations, I make the public statement that it is not true. The very fundamentals upon which the whole structure is founded, are not true. They all, every one of these fundamentals, existed in pagan religions long before Christianity was ever heard of, and so marked is the similarity that no careful investigator can do other than brand the whole Christian structure as being of ancient and pagan origin. Now, that's some statement to make, and I won't elaborate upon it here. I have, very successfully, made this all clear in "Gleams Over the Horizon," which book, by the way, is impossible of refutation.

We have, therefore, the amazing scene of the whole Christian church structure not being founded in truth, but instead, being founded on older systems of religion, which the Christian calls pagan. Now, that statement is capable of abundant proof, and because I have proved it many times, I continue to stay in hot water with the churches. Naturally, for they do not seem to care whether their story is true or not. All they are interested in doing is to stay in business. They care nothing about whether dictators are stopped or not. Many of them refuse to fight for America, claiming exemption because they are "conscientious objectors." That makes them poorer citizens than we who will fight for America, and who pay taxes to support our beloved land. So much

Getting Worse

Sunday, October 13th. The Germans are now in Rumania and Hungary. With reckless disregard of the consequences these mad hordes have taken over two more countries. Airplanes are there and the bloody battlefield of Europe will soon be about three times as big as it is now. Russia sits back, watching her chance, but she will not move yet. In the meantime, we hear rumblings of unrest and discontent in the conquered nations. In South America the Germans have just released a bulletin in which they state that the "onward march of progress" will be in South America inside of three months, and they brazenly tell us nothing can stop them.

In the Pacific, Japanese relations with the United States grow steadily worse, as the present administration seems to be deliberately insisting on a showdown. (I trust that showdown does not come until we are much stronger than we are now. It's O. K. to talk big, but most of our defenses are "on order.") The Chinese, in the meantime, are being mercilessly bombed while Japan states that the German-Italian-Japanese alliance is in existence "to bring a lasting peace to the world and to make of the human race one big brotherhood." Imagine such perverted sense of truth and justice. The thing I wish to point out, though, is that we haven't seen very much yet. The horror of this war has not yet fully burst upon us. These abominable forces which make desolate this earth will, before too long, cause blood to flow all over the world like water. It looks as if these beloved United States will not escape. Certainly we are, at this writing, as I see it, being plunged ruthlessly into war with Japan.

What all want to know is, where will all this end? Well, I can say that the end is not yet. So horrible will be the slaughter that I shudder when I think of it. All the sadistic emotions of a world without God, pent up for thousands of years, are now being turned loose, and the holocaust will be horrible. Nothing we have yet seen

will equal the horror yet to come. And we shall not, we cannot escape from it. But what will the final end be? Are these mad dictators to win? No, they won't win, for if they did, they would only start fighting anew among themselves to see which one really should subdue the whole human race. You may depend upon it that Madman Hitler will never tolerate any other dictator in the picture, so the true answer does not fit in that picture at all. Well, where does it lie?

For 12 years now I have not only been predicting this thing, but I have, time and time again, warned the people of America, especially the religious people of America that it will take the actual Power of the actual and literal Spirit of God to stop this thing. I have tried, oh so hard, to point out that the foolish theologies and philosophies advocated by systems of religion today never can stop this holocaust, and never can bring peace, permanent and eternal, to this earth. I repeat that statement here again. Only now, close to destruction as we are, I trust the warning will be heeded. We hear much about church union. The Lutherans recently joined their two branches. And it's good. But it's not good enough to stop this war and bring peace to the human race.

An untrue religious theology is utterly useless in this revolution, and a false conception of Almighty God is equally as useless. The "cross" theory of present day religions, both Christian and pagan, is worse than useless in this emergency. It never has been able to reveal God to this world, and what is more pertinent, it never can. The reason it never can is because the story is *not true*. Certainly, if God Almighty, or any of His Power, was in anything the churches of today teach, it would not take very long to bring Hitler, Musso, and the Japs to their knees through the superior Power of the Great Spirit—God. But this is not being done, and it never will be done through anything present-day religions teaches. Church

union is O. K. as far as it goes, but it goes exactly nowhere insofar as bringing the Power of God to this earth. Then what will happen?

Let me tell you once more. There is coming to this earth, a new and true revelation from God. It will be so completely unlike anything we have known as religion, that churches won't even recognize it. For instead of theories of crosses, crucifixion, atonement, virgin births, all of which are pagan in origin, the Power of the Spirit of God will flash into this world picture with a brilliance which will be startling to orthodoxy. Nothing like this Power has been witnessed heretofore, and before that Power, madmen dictators will vanish as the morning mist before the noonday sun. *God Almighty will banish those dictators and there is no other Power which will or can.*

The Power of the Spirit of God, as I describe it, is being manifested in a small measure through this Movement. Its record is staggering. Wherever the Teaching goes, men and women actually find the Power of the Spirit of God. Some day, when the proper moment is at hand, believe me, God will speak in a remarkable manner through this Movement, and there will be brought to this earth such a demonstration of the invisible Power of the Spirit of God that all nations, Hitler included, will bow the knee to the superior Power of the Realm of the Spirit of God. This is to happen; this will happen. I know my life. I know for what purpose I was born. I know something about the Power of the Spirit of God, and let me say to you again, it is through this Movement that the fire

Questions and Answers

Ques: The pastors of three of our churches here wish to meet you in open debate, the subject to be "Did Jesus Christ ever live?" You are to take the negative side and we will take the affirmative. Will you come?

Ans: No. In the first place three to one is very unfair and I am afraid the one little lamb amongst three wolves wouldn't have much of a chance. These offers of debates never get anyone anywhere. If you have any evidence which would qualify as legal evidence that Jesus ever lived, let me have it. I know of no such evidence, nor do you. Anyway, I have never denied that Jesus Christ existed as a man. What I deny is the asinine statement of the Christian church that if he did live he was God Almighty. If he was God Almighty, and your crucifixion story is true, it means that God was dead. Well, by what means did he bring himself back to life again? Even a dead god must forever remain dead. When God lay dead in the tomb, it meant that the Creator of all was dead, and I know of no way he could have brought life into himself. Suppose you forget about debates and try preaching the present existence of the Spirit of God in human lives here and now.

Ques: Would you not get a lot farther in winning men and women to God, if you were not quite as rabid as you are against the church? Did you ever hear that more flies can be caught with sugar than with vinegar?

Ans: Yes—I've heard that. But I'm not in the business of catching flies. I'm catching men and women and bringing to them the knowledge of the Power of the Spirit of God. My worst fault is my plain speaking, and I am not so sure yet that it is a very bad fault. I could sugar-coat the theological pills I prescribe, but if I did you wouldn't know that you were taking medicine, and it might not do you any good. I speak very plainly, I know. I cannot speak otherwise. But there lies deep down an infinite love for all, and if I, in my eagerness for God, speak a bit too plainly sometimes, I shall have to say, like Charlie Chan, "Scuse please."

Ques: If God can do as much for us as you say He can, why does He not do it?

Ans: Because you won't let Him.

Ques: Why did God make a physical creation anyhow? There has been nothing but bloodshed and trouble ever since the earth was made. I don't see where it all adds up.

Ans: Neither do I. It just doesn't add up. But it will add up if you will put man and God on the same plane. Of course, if you put God "in the sky" and man "in hell," as you preach to your congregation, that never will add up. But if you bring to men and women the true conception of the Spirit which is God in man, you can safely leave the question in addition to God. The picture is not completely painted yet. It requires some finishing touches. Those touches are being added very fast, and I believe the final image may be faintly discerned to the spiritually-minded.

Ques: It is useless for you to try to advance your theories. My church was founded by Jesus Christ and he said the gates of hell should not prevail against it. How do you think you can?

Ans: Judaism is three times as old as Christianity and the gates of hell haven't overthrown it, either. It never did believe in Jesus. How do you account for that? Makes no difference whether you believe in Christianity or Judaism, for unless you know the Power of the Spirit of God in your life, you cannot ever get anywhere, regardless of what your church says.

Ques: What do you think of Hitler's persecution of the Jews?

Ans: Not very much. I think the man is a moral coward with a yellow stripe up his back a mile wide. Yet, in a way, he is doing good, for had it not been for this ruthless persecution of the Jews, he might not have come to his end as quickly as he will. He is fighting impossible odds. He cannot win. Too great a Power is against him. Do you know that tens of thousands of our followers, three times daily, are throwing the Power of the Spirit of God against that freak of nature? Well, they are, and that will seal his doom very effectively. He who attempts to fight against the Spirit of God is hopelessly lost. I am not a Jew nor do I have dealings with Jews. I love everybody and I want all to know the Power of the Spirit of God. I even think I love Hitler sometimes, then, on second thought—I am not so sure about that. Anyway—he has not very much longer to last.

Many Thanks

Let me thank the good people who have already paid attention to the request I put out for the sum of \$100,000 with which to bring the true conception of God to this world. The \$100 donations are beginning to come in, and the first \$1,000 has been received. We have to raise \$99,000 more, and I am expecting, ere too long, that some really large gifts will come in to us. Perhaps there is a lady or gentleman somewhere who can give us \$10,000. A few like that and we shall soon be on our way. I know of no safer and better way to spend one's savings than to put the money behind such an effort as this. If the dictators win, your money will be worth absolutely nothing. Surely, with billions being spent for defense, and millions being loaned to other countries, surely, surely, there are enough friends and members of this organization and their friends who will see to it that this Movement is not impeded by a lack of finances.

Let me be very plain and blunt here. No one connected with this Movement is interested in anything

for themselves personally. All I want, and all this corporation wants, is sufficient funds to bring these staggering truths of God to humanity as fast as we possibly can. Orthodox theology is entrenched, and this is quite an effort. But, when God speaks His truths to any man, that man can rest upon the absolute assurance that the Power, and the finances, will also be given. I have little time to spend in asking for funds. If they do not come as they should come, the fault will lie with everyone who reads this *Weekly*. I am not a beggar. I do not wish to imitate the churches and continually beg for this and for that. I have plainly laid the cards on the table, and told you all what amount of money is needed, and for what purpose. It will be supplied, I feel sure.

If you can do something—anything—great or small, please will you do it now? I'm not getting any younger. I am doing all I can possibly do. The time is getting short. So please make a sacrifice, if necessary, so that we can step into the front of the religious picture and start the greatest spiritual outpouring this world has ever known. My kindest thanks to those who have already started the ball rolling. Let's not stop until \$100,000 is raised.

"Psychiana" is a Movement of the Spirit of God on the earth, and the aim of this Magazine is to assist "Psychiana" in making the Spirit of God a vital living Power in the lives of our fellow-men. The Movement is non-denominational. Its Members comprise adherents to every faith in the world. It wants to help them all. We have no "articles of faith" nor do we have creeds or rituals. We know man exists, and we know the Spirit of God exists. We know man can know the Power of the Spirit of God while on this earth and through this Movement God is being made a Living Reality to men and women of every race and creed all over the world.

Whenever it is necessary, this Magazine speaks very plainly. Many traditions of "orthodoxy" are shown for what they really are. Whenever we find ancient myth and superstition masquerading as being of the Spirit of God, we bring the facts to the world, kindly but forcefully. We believe the Power of the Spirit of God is abundantly able to step into this desperate and discouraging world picture, and bring a permanent peace. To this end we are striving, and as the Spirit of God reveals Itself to us, we reveal It to others without fear.

Members of every church are cordially invited to come and find and use the Power of the Spirit of God with us. An infinite love for all is the motivating Power of this entire Movement. Through this Movement the Spirit of God is making Its presence known on earth.

The Editor.

Peace In Storm

Every member of "Psychiana" can be in the very fortunate situation of enjoying peace in the storm which is raging throughout the world. Truly it is a devastating storm. It will turn into a hurricane before it calms down. Yet those of us who recognize the fact that the invisible Spirit of God actually and literally lives in us, with all Its help available to us, can smile as we watch the nations of the world destroying themselves through force of arms. Smile, not at them, but because the day of complete liberation is at hand. We can smile because we know that this darkness which has settled like a pall over the whole world, is but the darkness which precedes the shining morning.

For the dawn will break, and when it does break, it will be glorious for the world. In that day no more wars shall be built. No more bombing planes, no more flame-throwers or submarines. In that day, all men and

women shall live together in peace, joy and happiness, because in that day, the actual truths of the present existence of the Spirit of God will have been brought to the whole world. We shall then know God as God always should have been known—a living God, not a dead one who died 2,000 years ago and has never been heard from since. That theory is but a remnant of old and pagan religious superstitions and myths, and it never did have truth in it.

The years will roll around, however, and these old myths and superstitions will fall by the wayside and die the death they should have died long years ago. In that day, we shall see and know true religion—something this world has not known to date. The religious picture today is a very complicated one. In our own land we have about 500 different sects and organizations, all of them claiming to know God and to be teaching the truths of God. But we know that is not true, for if the truths of God were known, this world never would be in the shameful and terrifying condition in which it finds itself now, as I write this to you. Not so long ago I stood one Sunday night on the corner of two busy streets in Seattle, Wash. On one corner was the Salvation Army, on another corner the Volunteers of America. A church group occupied the third corner, while a Holy Roller congregation held down the other corner. It was bedlam if ever I heard bedlam. When one band would stop playing, another would start up.

Yet they were all trying to put across to the few who cared to listen, a theory of God out of which such bedlam has arisen. That's not religion. God never can be in such performances as this. And it is interesting to note that every one of these groups was trying to teach the theory that God Almighty, the supreme Spirit of all creation, was killed on a cross 2,000 years ago, and unless we were "saved" from our "sins," we "shall all likewise perish." I repeat, that sort of thing is not religion and it cannot begin to prove its own truth, let alone bring Truth to those of us who want to know Truth. It is because of such shoddy religious tactics

and theories that this world is a holocaust today. It would be utterly foolish to think that anything any church teaches can stop this gruesome wholesale murder. Of course, the churches tell us that if the world would only believe what they teach, all would be well. But the world will not believe what they teach because it is not true. If it were true, the world, seeing the change in their own lives, might believe it. But this world is not going to believe that any church organization has had given to it, to the exclusion of all others, the matchless truths of God.

As a matter of fact, nothing the churches have today is even faintly connected with the sublime truths of the Spirit of God. All it is, is old religious (?) myth and superstition, coming in its entirety from far older and more pagan systems of religion than the present systems are. There is no denying this. The church heads know it, yet still try to bring God to this world through the story of Jesus Christ. But they have always been utterly incapable of doing this, and the world, wanting to know God in the worst way, naturally turns from food which makes it sick. It is looking somewhere else for God, and there, entirely outside of any church theory, it is finding God.

As the years roll by, these old myths will abate, and in their place will come the larger and truer conception of God. That conception is big enough to include the whole human race, not just a few. No priest or preacher shall be necessary then to the "salvation" of the few and the damnation of the many, but the Light of the Spirit of God shall shine as the stars, for all, and men and women, knowing the real truths of God, will glorify their Father, which is not in heaven, but which is in them all. Then will appear in its true light, the honest though hollow sham of present day theologies, with their soul-destroying and blighting dogmas which have brought this world to the brink of complete ruin and disaster. If the Power of the Spirit of God were known to any religious organization in the past years, no dictator would dare to raise his unholy head, or to

(Continued on page 8)

Don't Misunderstand Us

(Continued from page 1)

for that. It is true—very abundantly true. And this means then that there is no organization on the earth (with one exception) which is teaching the truth about God. The story of the churches being false, what is the true story? Only the true story can save our democracy, and bring lasting peace to humanity; and humanity sorely needs that peace. We are sick of wholesale murder and human misery. There is no need for that, and if the churches had ever brought to this earth the true picture of God, such things could not exist.

All right, then, where does the true picture of God lie, and how is the Power of the Great Spirit—God, going to be used to stop Murderers Hitler, Stalin, and Muscle-in-i? Let me tell you. All theories about God Almighty being crucified on a cross will have to go. They are not true, and they were taught thousands of years before Christianity was ever heard of. This world, according to different religious traditions, has seen about 56 different "crucified gods," and the "crucified god" of the Christian religion is the most recent of all. Yet every fundamental of Christianity existed long ago in other religions, and it is impossible for the student of comparative religions to come to any other conclusion than the one which states that the whole Christian religion was copied bodily from the Hindoo. There is no merit in anything the churches of today teach, to either disclose God to man, or to stop this ghastly world condition. The truths of God can do that; but the churches do not have those truths, as we have seen.

According to these churches, man was born in sin. He is separated from God, right now. So bad was, and is, man, that it took the death of the Christian "god" on a cross to appease his own wrath, and, we are told, there is none other name given under heaven whereby any of us can be "saved" other than the name of Jesus Christ. This dooms to hell all who cannot or do not believe that story. It also dooms to hell all who happen to be born more than 2,000 years ago, as that was when Jesus Christ was supposed to be born. This world has been in

existence a long time. Man has occupied it perhaps 150,000 years, so the greater part of the human race is already lost, because they never had a chance to believe on the name of Jesus Christ even if they had wanted to. Now, every thinker knows that story is not true, and he therefore knows that the organization teaching that story is not teaching the truths of God. We all know that it would be laughable to look to any church organization to stop this war; yet that is exactly where we should look. If the churches had the truths of God, they could stop this war. Not having anything but pagan tradition and impossible superstition, naturally, there is nothing they can do.

For this reason, the "Psychiana" Movement was born. We come to the world with an entirely different picture of God. Instead of our telling our fellow men and women that they are doomed to hell if they don't "believe on the Lord Jesus Christ and be saved," we come to the world and tell it that man is the greatest creation God ever made, *and has, all unknown to him, all the Power of the Spirit of God at his disposal, because that Spirit which is God actually lives in man.* That's different. You will realize here that this "lost sinner" doctrine has been taught to man for so long, that most of the human race actually believes it. That, of course kills every hope in man. It has given man an inferiority complex which it will take years to overcome. *But man is overcoming it.* He is beginning to think. As he thinks, the Christian theory of "God Almighty killed on a cross" goes out of the window, where it belongs.

That is the truth of God. That Great Spirit exists in each one of us as our very life. If we know that fact, and draw upon the Great Spirit which is God *in us*, we find it big enough to handle every problem we can have, *even to the matter of life and death, when we know enough of that Power to actually throw it into play.* This, of course, puts all of God at the disposal of all of man, here and now, where we can enjoy the Power of God as we should, and when we should. This Power can be thrown against Hitler and Co., and it can bring them to their knees, believe you

me it can. This new conception of God brings down the wrath of the churches on my head, but in the light of their very evident failure to bring the facts of God to man, this means little. On the other hand, men and women all over the world are testing out for themselves, and as a result, they find God exists in them as the greatest Power they have ever known. Their lives take on new hopes. They find that they have, in them, the Power of God which enables them to overcome everything undesirable in their lives, and as they find out more and more of the Power of the Spirit of God in them, naturally, they are made more and more like God, and when this whole world is made more like God, there will be no wars such as we see now.

This, then, is what "Psychiana" is doing. It is making the Spirit of God a very real Power to all. It is the only Power which can save mankind from the results of false religious philosophies. It is bringing to the world for the first time, the actual truths of God. Soon, I hope, the church opposition will die down, and this organization may exchange its false, pagan god for the true Spirit of the Greatest Living Power this world can ever know—the Power of the Spirit of God. I leave it to you whether this work is good or bad.

With Our... Students

From Baltimore, Maryland, comes a letter which is indicative of the attitude of thousands of people relative to their approach to God in the matter of recognizing him:

"Your work is marvelous. I was a hard nut to crack but I am starting to feel this invisible Power which I thought was so far, far away. I can feel the glow of happiness vibrate from my body."

The God-Power is all around us even (to speak accommodatively) near us but we are unconscious of its presence. A fog may hide a ship at anchor from us for a time but is not the ship as near us during the fog as when all is clear? Perhaps it is hardly proper to say that God is near us for he is within us for our use. Let all "PSYCHIANA" Students remember that it is hard to define and explain God hence the need of pictorial illustrations in describing the God-Realm. Spinoza uttered a great truth when he said, "To define God is to destroy him." Thus, whether we say God is without us or within us we are uttering a truth. The important thing, however, is that God is available to us if we recognize and practice his presence.

Another good letter comes from Stamford, Connecticut:

"I received the last Lesson from you in which you said that our journey was ended. I say no, Dr. Robinson. I was wishing and seeking all my life for someone to travel with to show me the real highway to the 'Spiritual Realm' and nothing will stop my journey. I am very, very happy and will remain so."

There is no end to our spiritual journey. There are no limitations to the Power of God that I know of. We cannot limit God. Every contact with God is a "test" which opens up new visions and possibilities. When an old woman saw the ocean for the first time she said, "Thank God for the sight of something of which there is enough." So it is with God—he is a great ocean whose waves touch every shore of success and victory.

From Cincinnati, Ohio, comes a letter from an enthusiastic Student, a new Student, who says:

"I must say I see a wonderful change in things in just my first Lesson."

There is no chart to go by in spiritual things which will determine how long it will take to find God. It is rather a question of how soon will we let the mighty God-Law operate. The God-Power always helps us at the moment we recognize it. A certain writer says, "Today is often crucified between two thieves, yesterday and tomorrow." How much truth there is in this statement! The Power of God is at long last in the world. Thousands of "PSYCHIANA" Students can testify to this fact at this moment. Let us utilize this Power—NOW.

Another good letter comes from Detroit Lakes, Michigan:

"Lesson 19 is a wonderful Lesson. It does open up the entire Spiritual Realm to where our minds can grasp it. I am going to plunge into this God-Realm with all my power, for I know it is this God-Law that gave me the

power to master my desires.

"I can see so many improvements in our life. My health has improved so much, it makes me very happy to know of this Power you have so wonderfully taught. Your Student, a friend of ours here in Detroit Lakes, told us about you, Dr. Robinson, as my health was so poorly. I would like to go out and tell many sufferers about 'PSYCHIANA.'"

I am very grateful to this good Student for sending this letter, as I am to other Students who have written. This letter demonstrates to men and women something of the true picture of what this great Spirit actually is doing today. If every Student will follow my Lessons closely and grasp the great, significant fact of the presence of the invisible Spirit of God outside of any church teaching, the world would soon become a paradise, I assure you.

Nothing is more simple than greatness; indeed, to be simple is to be great.—Emerson.

A Horrible Prayer

Here is the prayer Mark Twain prayed and advocated others to pray. I suppose, then, this prayer should be quite in order at this time of universal warfare. It's a good job that no prayer is ever heard and answered, when prayed to an absent God. Were such prayers as Mark Twain originated answered, this world would be in a far worse condition than it now is, and the Lord knows it's bad enough. I don't know whether Twain wrote this prayer as a joke or not, but I decided my followers would be interested in seeing it. The proper way to beat a world disturber is to do exactly as our members are doing—throw the actual Power of the Great Spirit, God, against him. He cannot stand against such a spiritual Power. No bombs will be used. No submarines, but Almighty God, the Creator of the universe will, in His own good time and manner, bring such monstrosities as Hitler to an untimely end. We shall see that day come. I ask once more that every one of you throw the Power of the invisible God against him many times daily.

It is becoming quite evident that he will fail. He could not take England. The only nations he could take have been those who listened to his claptrap and allowed themselves to be taken. There is, however, such a wave of Spiritual Power going out against him now, that his end will be quite

complete and sure. It will be doom, defeat, and shame for the whole German race. Let none of us pray the Mark Twain prayer, though—it would be a waste of time, I'm sure.

Mark Twain's War Prayer

"O Lord our God, help us to tear their soldiers to bloody threads with our shells; help us to cover their smiling fields with the pale forms of their patriot dead; help us to drown the thunder of their guns with the shrieks of the wounded writhing in pain; help us to lay waste their humble homes with a hurricane of fire; help us to turn them out roofless with their children to wander unfriended through wastes of their desolated lands—for our sakes, who adore Thee, Lord, blast their hopes, blight their lives, protract their bitter pilgrimage, making heavy their steps; water their way with tears, stain the white snow with the blood of their wounded feet! We ask of one who is the Spirit of Love and who is ever faithful refuge and friend of all that are sore beset, and seek His aid with humble and contrite hearts. Grant our prayer, O Lord, and thine shall be the praise and honor and glory now and forever. Amen."

Got Right Answer

Recently a would-be chicken fancier had some difficulty with her flock and wrote the following letter to the Department of Agriculture:

"Something is wrong with my chickens. Every morning when I come out I find two or three lying on the ground cold and stiff with their feet in the air. Can you tell me what is the matter?"

After a while she received the following letter from the department:

"Dear Madam: Your chickens are dead."

Getting Worse

(Continued from page 2)

for God will start. That fire will never be put out.

I don't amount to anything. But God sees into the heart, and He quite often takes the weak things of the earth to confound the mighty. That is what He is doing now. In the meantime, the churches, the very organizations which should be doing what I am doing, are lolling around and wasting precious time with a moth-eaten, thread-worn theory of God Almighty being killed on a cross 2,000 years ago. Don't you see, beloved, how impotent such a theory is? Imagine God being killed on a cross. Go and read comparative religions and find out how many times that story has been told of how many "gods." You'll find about 50 of them, I believe.

No. Times are dangerous. The end of a Godless world is quite near. The Day of all Days is at hand, and the responsibility resting on my head is very great. It is very great on your heads, too. Every single reader of this magazine has a vital part in this Movement. To even know of the Movement implies responsibility. To be a member of it demands that you give your all, with me, in this amazing disclosure of the Power which God is to bring to the world, through this humble Movement. The financing of the Movement is yours, beloved, and if you have not yet done your bit to make our "blitzkrieg \$100,000 drive" a success, won't you please do it? I cannot do this alone. I passed through the valley of the shadow of death recently as you know. Anyone else would not be here now. You have read of the miracle of healing which occurred in my life. That was for a purpose, beloved. And I'm asking you now to do your part in this glorious work of the Spirit of God, for God always works through human beings. Just like you.

As the Day of God approaches, be instant in season and out of season. Many times daily, get alone with the Spirit of God, and throw the Power of God against Hitler and his agent, Muscle-in-i. By so doing, you will help bring his downfall, and you will be placing against him such a barrier

that he never will be able to climb over it. And remember, this revolution, this holocaust, will not be stopped by the force of superior arms. If America and England are pitted against Germany, Japan, and Italy, well—I don't even like to think about it. But God never works through armaments. It is the Spirit of God which will stop this thing, and that invisible Spirit is far more powerful than armies can ever be.

It is this Spirit we of "*Psychiana*" are using. It is this Spirit you are using when you follow me in my affirmations. So then, be instant in these affirmations. Be sure that if you have a thousand dollars, or more or less, available, see that what funds I need for this work are supplied. That is your work, my friend. I am not interested in money for my own sake. I don't need it. I can get along. But I do need it for this work of the Spirit of God, and if every reader is true to his or her convictions, the money will be forthcoming. Soon—ah yes—soon, we shall begin to see the brightness of the coming day. I see it now. I wish my work were done for I'm very tired. Only a few more years now, though, and I shall be able to rest my head upon the breast of my Creator, and rest forever in the sweet consciousness of the Spirit of the Living God.

SPECIAL NOTE

Many wires and letters have been coming in asking how I am physically after the dangerous heart attack I told you of. I am 100 per cent recovered. I am doing my daily work and writing every article for the *Weekly*. I am able to do everything to be done, and if you looked into my face today you would not believe that a few weeks ago my death was momentarily expected. That was a trial, though, and, as I knew I should, I came through with flying colors through knowledge of the Power of the Spirit of God in me. Please, everyone who wired and wrote, accept my heartiest and sincerest thanks for your interest and good wishes.

How many undervalue the power of simplicity! But it is the real key to the heart.—Wordsworth.

Quest

Often, as morning comes

Over the world to roll,
God comes walking along
And searches for my soul.

Over the ridges of thought

He comes in His beauty along,
Bringing me treasures of hope
And loveliness hinted in song.

Down the little trails of my heart

Through faith's rugged scenery
He travels, a pioneer

Uprooting each cumbering tree.

—William Walter De Bolt.

We are here to confront the great enemy of our time; to handle the greatest living question. This monster has the world for a home, the flesh for a mother, and the devil for a father. He stands erect, a monster of fabulous proportions. He has no head, and cannot think. He has no heart, and cannot feel. He has no eyes, and cannot see. He has no ears, and cannot hear. He has only an instinct by which to plan, a passion by which to allure, a coil by which to bind, a fang with which to sting, and an infinite maw in which to consume his victims. I impeach this monster, and arraign him before the bar of public judgment, and demand his condemnation in the name of industry robbed and beggared; of the public peace disturbed and broken; of private safety gagged and garroted; of common justice violated and trampled; of the popular conscience debauched and prostituted; of royal manhood wrecked and ruined; and of helpless innocence waylaid and assassinated.—Rev. Charles H. Fowler, D. D.

Our New Assistant

Rev. W. W. De Bolt has held pastorates in Illinois, Missouri, Nebraska, Montana, and Idaho. In addition to this, he has done religious work in various other states.

He attended the public schools in Pennsylvania and studied theology for a time at Findlay College and Winchester Theological Seminary.

REV. W. W. DE BOLT.

His chief training in theology, however, was received under private tutors, one of whom was the eminent theologian, Dr. Charles T. Fox.

Mr. De Bolt has received considerable recognition as a poet, having had poems published in such poetry journals as *Cycle*, *The Notebook*, *The Bard*, *Driftwood*, etc., and in such anthologies as *The Paper Anthology* and the *Davis Anthology of Newspaper Verse*. He has had poems broadcast over national hook-ups and was appointed by Governor Clark to represent the State of Idaho at the Third Congress of American Poets in New York in 1938.

A pawnbroker was aroused at 4 a.m. by a telephone call.

"What time is it?" asked a voice.

"What in *****! do you mean by ringing me out at this unearthly hour to ask the time?" yelled the pawnbroker.

"Why shouldn't I when you've got my watch?"

Peace in Storm

(Continued from page 4)

attempt to steal the territory which rightfully belongs to another.

As long as these brutes do not believe in God, and there is no reason why they should believe in the light of what has been offered to them as God, they will go ahead on the theory that might is the only power there is. They will steal, they will plunder, they will murder and they will rob, and there is no power, so far as they know, which can stop them. Naturally, they then attempt to set themselves up as rulers of the earth, and, I repeat, had any religious organization of the past or present known and taught the actual truths of God, these savages would not dare, nay, they could not set themselves up as rulers of the earth. Insofar as present-day religion goes, there is nothing in it to stop them. What will have to come to earth is a completely new conception of God. This conception will have to be supercharged with dynamic Spiritual Power, and if it is from God, it will be.

What we have now is not from God, so there can be no power of any sort in it. Think of it—500 different systems of "worship" in the Christian religion alone. They all mean well, and they all think they are teaching the actual truths of God. But they must and will admit that those supposed truths are completely impotent to stop this war or to bring these war-mad dictators to their knees. They never have been able to do that, so it's high time that they were all laid aside and the actual priest-and-preacher-free truths of the Spirit of God be made known to the whole world. This is what is happening. It began 12 years ago with the advent of the "*Psychiana*" Movement here in Moscow, Idaho. Much has been accomplished, and yet, the surface of the ground has not been scratched. But those of us, all over the world, who have discovered the staggering fact that God was not killed on a cross, but lives in each one of us, are able to rest securely in peace as that revelation of God and the Power of God becomes better known to us. So I say to you, those who know God can smile at the storm on the outside, and can be supremely happy in the new-

found Power the Spirit of God brings to all who will.

Until such time as your Leader is called upon to step into the front of the world's religious picture and lead it directly to the truths of God, there is but one thing for you all to do. That is to constantly practice the presence and Power of the Spirit of God in you, and to stay solidly by this Movement with your financial support. You can do nothing else. I do not know when God will call upon me to take the first public, active step, but that will be when the money necessary for this move has been made available. So then, keep close to God. Keep inside the fold of the sheltering and protecting love which is God, and whenever you feel led to help me with this Movement, send that help.

Things are going to move very fast during the next few months. I am of the opinion that dastardly and horrible war will invade our fair shores. It looks now as if we were being deliberately plunged into war, and I trust that the November elections change all that, for it is my opinion that the New Deal is doing everything possible to plunge us into that vortex. If anyone attempts to invade this land, then I say give them all we have. But let's not deliberately provoke other mad nations by speaking words which we cannot back up. Let's be discreet in our national policy.

Now then, in closing, let me once more ask you all to keep the affirmation against Hitler and old Musso going every day. Make it part of your daily lives, and as you say this statement, recognize the fact that you have the Power, in you, to bring what you desire into being.
